

## News and Views . . .

### and what have you

by BOB CRAIG

As we mentioned a couple of weeks ago, Oct. is probably the champion month as far as special weeks are concerned. This week is, among other things, Oil Progress Week and National Newspaper Week.

As a member of various trade associations this paper has received several stories and editorials to be used during this week. These articles give such glowing reports as to what great things newspapers are doing that I feel somewhat like the man who was afraid to take a vacation because he might not be missed.

Since the readers might compare this paper with what the stories say newspapers are doing, we will just not carry the stories and maybe what few readers we have fooled will stay that way and renew their subscriptions when they come due.

District 6-AA has always been one of the top districts in the state in football with the winner here usually going pretty far into the playoffs and even the second and third place teams rated above many other district winners and it is about to become even rougher.

The tentative alignment for next year calls for Spur to move to district 4 and Ballinger, Coleman and Winters to move up into this district. It may turn out to be easier to win state than to win this district.

Spur will move into a district with Post, Slaton, Friendship and Denver City. With that line-up, we will probably continue to see Denver City ranked in the top ten.

Some of the town sages are saying that if the First Methodist Church building rises as high above the ground as they are burying it under the ground it will be one of the tallest buildings in town.

The city has installed stop signs on SW Ave. A from first to fourth and NW Ave. D and E from first to fifth. Signs have been ordered for installation on SW Ave. B and C from first to fourth and NW F from first to fifth.

All of the signs are for full stops when approaching these streets from the east or west and are effective when installed.

I noticed in last week's Piper Patter column that the first requirement for a band jacket was to sell a case of mixed nuts. I wonder if this selling kick the school is on hasn't gone a little far.

When the football boys have to sell a case of nuts to get a jacket we will know it has gone too far.

See you in Haskell Friday night.

### Windbreak Trees To Be Available From Forest Service

According to announcement from County Agent, Kirby Clayton, some 17 species of trees or shrubs will be available for planting by Texas landowners, early in 1962. These trees are ordered from the Texas Forest Service at a delivered cost of \$1.50 per hundred.

The trees and shrubs may be used for windbreaks or soil stabilization, but cannot be used or resold for shade or ornamental purposes. All seedling orders will be packed in moss and moisture proof paper and shipped prepaid direct to the purchaser. Orders must be in multiples of 50 and orders for less than 100 seedlings will not be accepted. Orders must be sent in before February 10, 1962, and the shipping dates are from mid-January to mid-February and the first week in March.

If you are interested in obtaining seedlings from the Texas Forest Service, application forms may be obtained from the County Agent's office in the courthouse basement in Anson.

## McCAULLEY HOMECOMING SATURDAY

Ex-Students of McCauley Schools are having Homecoming Saturday, October 21. Registration will begin at 1:30 p.m. and the football game between McCauley and Highland will start at 2:30 p.m.

Following the game there will be a short business meeting and election of officers at 5 p.m., then a Barbecue dinner will be served at 6 p.m. in the high school gymnasium. Everyone is invited to attend.

### Thomas Neill, 66, Former Resident, Dies in Odessa

Thomas Willis Neill, 66, former resident of Hamlin, died at 7 a.m., October 10, at the Medical Center Hospital in Odessa following a short illness.

Mr. Neill was born in April, 1895, and was married to Lillie Mae Bingham at Hamlin in 1921. He moved to Odessa in 1951.

A member of the First Nazarene Church, he was a veteran of World War I, serving with the 36th Infantry Division.

Funeral services were held at 10 a.m. Saturday in the First Church of the Nazarene in Odessa with Pearl Keeton, pastor, officiating, assisted by Rev. Thomas of Monahans. Graveside services were held in Hamlin Saturday afternoon under the direction of Hubbard Funeral Home of Odessa.

Survivors include his wife; two sons, T. W. of Comodore, Argentina, and Joe of Monahans; two daughters, Mrs. Morris Woolfe of Odessa and Mrs. Aubrey Bowman of Monahans; four brothers, S. R. of Crane, Ernest of Odessa, Jasper of Anson and J. M. of Hamlin; one sister, Mrs. C. H. Harrison of Abilene, six grandchildren and two great grandchildren.

### Local Teachers Attend Workshop

Mrs. Joe W. Carter and Mrs. James E. Simmons attended a workshop for homemaking teachers of this area at Cooper High School in Abilene last Saturday.

Guests for the session were Virgil Bernard, Abilene Insurance man, and Dr. Willa Vaughan Finsley, Dean of the School of Home Economics, Texas Tech.

Mr. Bernard spoke on "Management in Public Relations." Vaughan Tinsley, "Knowledge Is Not Enough". Each speaker challenged the group.

Students of Cooper High School served coffee in their new department, which the teachers toured.

This in-service training was sponsored by the Texas Education Agency with Mrs. Mary A. Moore of Stephenville, Area Supervisor in charge.

### HOSPITAL NOTES

Patients in Hamlin Memorial Hospital Wednesday morning were:

Mrs. J. E. Crow  
Ethel Bolven of Sylvester  
Mrs. C. J. Sewell  
Mrs. T. R. Browning  
Alonzo Mayfield of Aspermont  
Mrs. Ed Croan  
A. Stremmel  
Mrs. Bob Center  
Larry McCright  
Jack Gray  
Mrs. Charlie Sellers  
W. W. Douglas  
Frank Foster of Aspermont  
L. E. Hines  
Alton Mayfield  
Mrs. Kenneth Foster  
Jewell Southerland  
Mrs. Sam Jones  
Mrs. Ben McNeely  
H. S. Scales  
Lewis Healer  
J. W. Rollins  
H. C. Clark of Sylvester  
Mrs. Willie Ails  
Mrs. G. D. Pritchard  
Mrs. Bennie Carroll  
Mrs. Ralph Windsor  
Mrs. Lena Elvens  
Barbara Brown  
Carrole Strother  
Phil Davis  
Roy Sparks  
Loyce Sutton

BAND SWEETHEART—Linda Bingham was crowned Band Sweetheart at half-time Friday night by the Hamlin High School band. She is the daughter of Mr. and Mrs. Carl Bingham and is a senior student. She is also vice president of the Piper band. She was selected by the band from five nominees. Other candidates were Thelma McClung, Mary Smith, Sandra Smith and Darlene Jossey. Miss Bingham was escorted by Barry Cheshier.

## NON-FARMERS ELIGIBLE FOR RURAL HOUSING LOANS NOW

Families living in small towns and rural areas and on farms now can have housing comparable to that of city families. The recently enacted Federal Housing act of 1961 now brings a home loan program within reach of hundreds of Jones County rural families.

Rural Housing loans may be made to farm owners and to owners of non-farm tracts in rural areas and small rural communities with populations of not more than 2,500.

James C. Hayes, Farmers Home Administration, County Supervisor at Anson, says the new authority will allow his agency to make Rural Housing loans to families who are not connected with farming in communities like Hawley, Lueders, Avoca, Neinda and other communities in Jones County.

This credit may be extended to construct, improve or repair rural homes and related facilities or farm service buildings. In addition to major construction funds are available

O'Brien Couple Buy Wilcox Store, Set Opening Sat.

Mr. and Mrs. J. R. Weatherall of O'Brien have purchased Wilcox Grocery here and will hold their grand opening Saturday. The store has been named Weatherall's Grocery and Market.

Ten baskets of groceries will be given away during the day Saturday with a door prize to be awarded at 7 p.m.

The completely restocked food store will be open from 6 a.m. until 9 p.m. and will remain open on Sundays.

### NEW BIRTHS

A boy, Rodney Dale, was born to Mr. and Mrs. Carl Thomas Smart October 15. He weighed 6 lbs. 8 oz.

Mr. and Mrs. Don Hampton Davis are the parents of a new boy, Travis Lowe. He was born October 9 and weighed 6 lbs.

A boy, James, was born to Mr. and Mrs. Calvin Johnson October 12. He weighed 6 lbs. and 10 oz.

Born October 14 to Mr. and Mrs. Antonia Ortega, a girl, Linda. She weighed 7 lbs and 10 oz.

Mr. and Mrs. Lelan Smith of Aspermont are the parents of a new girl. She was born October 17 and weighed 6 lbs. 9 oz.

Mr. and Mrs. Nolan Weaver are the parents of a new boy, Rickey Lee. He was born October 16 and weighed 8 lbs., 8 oz.

# Pipers Meet Unbeaten Haskell Friday Night

The Pied Pipers will continue their bid for District 6-AA honors Friday night as they journey to Haskell to take on the unbeaten Indians. The Pipers are tied for the top slot with Stamford after knocking the Anson Tigers out of the state rankings last Friday, 9-7.

The Indians, one of the 16 undefeated, untied elevens left in the AA race, were idle last week in preparation for the district race.

After losing all ten games last year the Indians have come out on top in their first six outings this year, defeating

Olney, Seymour, Munday, Burkburnett, Wichita Falls Riders and Seagraves.

Scouting reports rate the Indian offense as outstanding and their defense average. All District quarterback Jerry Ataway is the sparkplug for the

offense with his fine running and clutch passing. Running at right-half is 175-pound Robert Bartley who has plenty of size and speed.

The strong point of the Haskell line is their ends with Volley Ivy and David Anderson

doing a fine job at these positions. Biggest man in the line is 190-pound tackle David Honea.

Coach D. C. Andrews reports his squad in pretty good shape for the 7:30 encounter with only Curtis Payne on the doubtful list with a bad ankle.

All reserve tickets on the Hamlin side of the field were sold by noon Tuesday and fans without tickets are urged to leave for the game early because there are only 180 general admission seats on Hamlin's side.

Anson will host Spur Friday night for the other match in this district while Stamford will be resting from last week's 34-0 victory over Spur.

## OLD GLORY GIRL WINS TOP HONORS IN 4-H PROGRAM

College Station—Helen Ruth Diers, a Stonewall county 4-H girl with a mission, today was named the top 4-H member in Texas in the health awards program. She will receive \$150 scholarship and her record will be submitted for national honors, according to Floyd Lynch, state 4-H leader.

Donor for the 4-H health awards is Eli Lilly and Company, Indianapolis, Indiana. Nationally, the donor provides six \$400 college scholarships for a blue award group.

The new health champion is the daughter of Mr. and Mrs. E. H. Diers, Route 1, Old Glory; a member and junior leader in the local club for four years and a graduate of the local high school. She plans to study speech therapy in college.

Working under the supervision of County Agent E. T. Hennig and Mrs. V. R. Leve, local 4-H adult leader, Helen has contributed much to her club and community in the health field. During her last two years in high school, she served as assistant school nurse and kept the individual health records of all students and assisted with a dental check and giving inoculation and booster shots by the county health doctor and nurse.

She was in charge of the polio drive in the school and has frequently been called upon to speak and give demonstrations on health improving subjects. She says her own health habits and that of her family have also been helped by the demonstrations she has conducted.

Helen Ruth twice has served as president of the Old Glory Club and is recognized as one of the county's top junior leaders. She was a member in 1960 and '61 of the district winning vegetable preparation demonstration team and ranked 7th and 9th in the state contests. Other projects have included clothing, foods, beef cattle, home management, poultry and bedroom improvement.

### Rev. John Burleson Named Pastor of Calvary Baptist

Rev. John Burleson is the new pastor of the Calvary Baptist Church. He comes to Hamlin from the Enon First Missionary Baptist Church in Iola, Texas, where he has pastored for the past 14 months.

Previously he was Missionary for the Plains Baptist Missionary Association for a little more than a year and he was pastor of the Sunset Avenue Baptist Church in Littlefield for five years.

The Rev. and Mrs. Burleson have three sons, Jerry, who is a senior in high school, Jackie, who is in the sixth grade and Johnnie, who is married and living in Lubbock. They have one grand daughter.

While repairs are being made on the parsonage, the Burlesons are living in Carl Bingham's house on the McCauley road.

## SCOUT FUND DRIVE HERE UNDERWAY

The annual Boy Scout finance drive will open today with a kickoff breakfast at Bunnie's Drive In for the workers. Leldon Clifton, general chairman for the drive, said that he hoped all of the workers will attend the meeting and will work their cards within the next few days.

Troy Boone, district Scout executive, stated that there was no set quota to be raised and that the objective of the campaign was to give everyone an opportunity to give to the fund that wishes to do so.

Clifton said that he has named five majors who have in turn selected five captains. The captains will each have five or six workers under them.

### Jr. Hi. to Merkel

The Hamlin Junior High football team will journey to Merkel for a game at 7 p.m. Hamlin won the first encounter, 44-6.

## COUNTY AGENT GIVES HINTS TO FARMERS ON STRIPPING

The 1961 cotton harvest is now getting underway in Jones County. Cotton harvesting this area normally reaches its full peak around 10 days to 2 weeks after a killing frost. County Agent, Kirby Clayton, estimates that as much as 70% of the county's crop will be harvested this year with mechanical strippers. Clayton says that with this much of the cotton crop being harvested with strippers, it is of the utmost importance that farmers keep in mind that it pays to operate the strippers in a good workman like manner to preserve the quality of the cotton. It requires good planning on the part of the farmers because, gin yards are sometimes crowded and the round trip on cotton trailers will at times be long and drawn out. The following are some items it will pay to keep in mind throughout the harvesting season.

1. Do not operate strippers too soon after frost or the use of desiccants. Allow ample time for all the leaves and leaf stalks to dry out completely before starting the strippers. Green leaves will stain the cotton as it goes through the strippers and is loaded onto the trailer. Cotton stained in this manner can easily cost more

farmers \$10 to \$15 a bale in quality. Cotton gins best at a lint moisture content of 7 1/4%. A good rule of the thumb is to squeeze a few bales and if the cotton bounces back after being squeezed it is, normally, dry enough to harvest. If the cotton stays in a ball after being squeezed in the hand, it will be too moist for good harvesting and ginning.

3. Provide ample trailer space for each bale of cotton. The USDA estimates that it takes up to 450 cubic feet of space for one bale of machine stripped cotton. To tramp and crush cotton into too small a space results in lower grade. Even gins with the most elaborate and expensive systems cannot remove all the small "pin and pepper" trash that is ground into cotton when it is tramped into the trailer.

4. Use separation devices on strippers such as blowers and green boll boxes. Throw green bolls out on the turnrow and allow them to dry out and open before carrying them to the gin. Too many green bolls indicate that you are attempting to strip too soon after frost or desiccation. Use wood slatted or wire sided trailers. This will allow leaf and other trash to blow out of the trailer.

5. Keep strippers and trailers clean. Do not over lubricate. Wipe off excess grease and keep the trailer beds free of dirt.

6. Keeping the strippers centered on the row and operating at the proper speed will help eliminate barked cotton.

7. Keep a few tarpaulins on hand in case of rain or dust storms.

Lt. Col. W. H. Pickron Jr., of Knoxville, Tennessee visited last week in the home of his parents, Mr. and Mrs. W. H. Pickron.

40 Years Ago-

Some one did not attend "prayer meeting" Wednesday night, or something, anyway two fellows reported to be from Stamford were "out" and were investigated by City Marshall, W. A. Davis, of Hamlin and as a result were headed for the county jail as soon as possible. From reports Mr. Davis got wise that a certain man might be going back to Stamford from "somewhere" with a load of "boot leg" and proceeded to investigate. He found two men in a car somewhere in Hamlin or near Hamlin, and followed them on the road towards Stamford till he was convinced that time had come to take a close peep. He found just 27 gallons and with the stuff and the men he came back to town and invited the sheriff to come and take "everything" to Anson.

25 Years Ago-

If anyone should be puzzled by the constant smile of Bill Fletcher, these days, it is because he has a daughter to keep company with his three sons. The little lady is named Julia Marylyn and her birthday is October 2. In the past few weeks Jones County has been flooded with Punch Boards and similar schemes being given away by chance. These punch boards and schemes are absolutely a violation of our lottery laws and must be taken out. Last week government fish propagators brought from the Cisco Hatchery 4000 baby fishes for growth in the Hamlin Lakes. The home of Rev. Knox, the pastor of the Presbyterian Church in Abilene, was the scene last Sunday afternoon for the marriage of Mr. Perry Sparks and Miss Fredia Chastain of this city.

15 Years Ago-

Francis Gardner of Hamlin, student of McMurry College of Abilene, has been chosen president of T. I. P. McMurry social club. Eugene Lawson, recently discharged from the Mr. and Mrs. Frank Herring and children of Williams, Arizona visited with Mrs. Herring's grandmother, Mrs. O. L. Jenkins, and Mr. and Mrs. Alvis Bond and family.

the armed forces, is taking Bobby Watson's place as Hamlin gas company manager. Jeannie Johnston and Mrs. Wynogene Ellison are two of the 30 girls chosen as new members of the Hardin-Simmons University Cowgirls organization. Frances Ubben, daughter of Mr. and Mrs. J. Ubben, has been selected to play the part of Myra in Noel Coward's three-act comedy "Hay Fever," at Hardin-Simmons University. Five new Universal CP ranges were added last week to the Hamlin High School Homemaking Department.

10 Years Ago-

Temperatures began to drop late Tuesday in the Hamlin area and Wednesday was comfortably cool, following a week of weather that was hitting in the high eighties and the low nineties. Rev. Wayne Neal Stout of Dallas has accepted the pastorate of the Calvary Baptist Church. He succeeds Elder L. W. Pate. A girl for Mr. and Mrs. Elma James Hines discovered America October 7 at 7:15 a.m. Folks will be calling the little lady Carolyn Sue, who weighed in at eight pounds. A boy for Mr. and Mrs. Irby N. Weaver who said howdy to the world, October 7, has been labeled Irby Davis.

5 Years Ago-

More than 600 attend second Homecoming for Hamlin High School. Joe Ford named president of the Exes. Virgil Wilson and Eva Wallace, popular Hamlin High School students were named Pipers of the Week in the student election Friday night after the homecoming Colorado City game. Ensign W. L. Fletcher III, son of Mr. and Mrs. W. L. Fletcher Jr. has recently been transferred from the Naval Air Station at Pensacola, Florida, to the Naval Air Station at Cubi Point in the Philippine Islands. Consumption of a sale of the Ferguson and Drive In Theatres was completed over the week end whereby Carl Benefield of Amarillo and Ed Green of Dallas became the new owners. Named manager of the theater properties is Darwin Barnes, who is moving to Hamlin this week end.

STATE CAPITAL  
Highlights  
AND  
Sidelights  
by Kern Sanford

AUSTIN—Year-round colleges, less work for the Attorney General and more realistic election laws could result from studies being undertaken by the Texas Legislative Council.

The Council, the Legislature's research arm, agreed to undertake eleven studies during the coming year. A total of 25 were proposed. List was trimmed down because there just isn't enough time or money to study them all.

Subjects selected for study include:  
Election Code Revision.  
Space Utilization by Institutions of Higher Education.  
Coordination of Health and Welfare Services of the State.  
Non-constitutional Duties of the Attorney General.  
Opinion Authority of the Attorney General.  
Laws Based on Population Classification.  
State Hospitals and Special Schools.  
Texas Utility Regulations.  
Discrimination in Employment Because of Age.  
Mentally Ill Children.  
Health, Accident and Hospitalization Insurance Claims.  
Findings will go to the 163 session of the Legislature for the lawmakers' consideration.

WATER POLLUTION—Governor Daniel will soon name the members of the new State Water Pollution Control Board. This new agency will operate to some extent as a branch of the State Department, in that its executive and only full-time official will be the Health Department's director of water pollution control.

Many areas of Texas are having water pollution problems, and those who sought help in Austin went to four or five offices without finding much response.  
So legislators set up a new agency, but did not give it any operation money. It authorized Governor Daniel and the Health Department to allocate part of their appropriations, if they can spare it, to the new agency.  
Daniel will ask this winter's special session of the Legislature to make some improvements in the law and to provide some cash for the agency to begin a real attack on water pollution.

Shrinks Hemorrhoids  
Without Surgery  
Stops Itch—Relieves Pain  
For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (B. Dyne)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (B. Dyne)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

gram of farm and ranch loans to Texas veterans.  
Step up in the program was announced by Land Commissioner Jerry Sadler, who said tracts to be subdivided for sale to GIs will be appraised before the owner has surveys made.

LAST WORD—Some 7,700 Texans got checks from State Insurance Liquidator C. H. Langdeau which brought to 39 percent their recovery from the bankrupt U. S. Trust and Guaranty Company. This was the big insurance, investment and automobile sales firm which collapsed in 1955.

Langdeau has almost liquidated all the assets, but has pending a lawsuit in which he and Mrs. A. B. Shoemaker, wife of the president of the firm, are arguing as to whether a large Waco residence is her homestead or the company's.

So a proposition was made to the 9,000 creditors and claimants—settle for another two percent, and charge off the rest of your loss on your 1961 income tax return. Or, if you choose, hang on and perhaps get a little more if the state wins the lawsuit.

In all, 7,700 took the two percent, but 1,300 said they would wait and see.

As it stands now, Langdeau found \$7,100,000 worth of debts and deposits in U. S. Trust and Guaranty Company. He was able to scrape together only \$2,800,000 to pay on the claims.

DIGGINGS PLANNED—Archaeologists from the University of Texas will dig for Indian relics in seven parts of Texas which are soon to be covered with water.

National Park Service is advancing \$60,000 to finance the searches. Seven areas to be mined for remains of Indian cultures are those to be covered by Sanford Reservoir on the Canadian, Amistad on the Rio Grande, McGee Bend on the Angelina, Navarro Mills on Richland Creek near Corsicana, Columbus Bend near Columbus on the Colorado, Livingston on the lower Trinity and Toledo Bend on the Sabine.

FOURTH TERM—Political newsmaker-of-the-week was Attorney General Will Wilson. He walked into the State Democratic Executive Committee to charge that Governor Daniel has made a deal with Sec. of Navy John Connally of Fort Worth by which Daniel would support Connally for governor and would himself run for lieutenant governor.

Wilson challenged Daniel to run for a fourth term (against Wilson), rather than to support Connally for the place "when he has barely got his seat warm in Washington."

Connally, in Texas making

This is merely a token tax, designed to find out whether this new approach to the taxing of natural gas is constitutional. Suit was expected.

Two previous efforts to levy an additional tax on gas have been knocked out by the courts. Rep. Robert C. Eckhardt, Houston, devised this new method and believes it is valid despite some amendments he opposed on the ground that they would weaken the chance of standing up in court.

MORE G.I. LOANS—Veterans Land Board advertised for bids for \$25,000,000 more in State bonds to expand the pro-

NEINDA PHILOSOPHER WORRIED  
ABOUT THE TWENTY-THREE PEOPLE IN  
TOWN WHO LOOK TO HIM TO FEED THEM

Editor's note: The Neinda Philosopher on his Johnson grass farm Route 1 probably is misinterpreting the facts this week. Certainly we're not depending on him to feed us. Dear editor:

I know there are a lot of people worried about the possibility of an atomic war, but they make a mistake when they worry about it too much.

I mean, with all the other things to worry about, why get in a rut?

For example, I was reading some statistics about farmers last night in a copy of a newspaper somebody threw out of

a speech, said he had no comment, that he had "quit reading fairy tales a long time ago."

Daniel said any fair-minded person "who reads the entire statement is bound to know it is false and a concoction of his imagination."

CANDIDACY ANNOUNCED—Texas got the first announced candidate for the Democratic primary next May 5. He is a young West Texan who has set out to be a giant-killer.

Keith Wheatley, 28, of Stamford, announced as a candidate against Railroad Commissioner Ben Ramsey for the remaining two years of the late Commissioner Olin Culberson's term.

Wheatley, an independent oil operator and son of State Rep. J. C. Wheatley of Haskell, said the little men in the Texas oil business started out by the Railroad Commission's proration policies.

Gov. Price Daniel designated this week (October 15-21) as Newspaper Week in Texas. He urged citizens to consider the contributions a free press makes to American democracy.

A total of 2,667 new jobs were created in Texas in August by the opening of new businesses. With 24 new manufacturing firms, 343 new jobs were opened in that category. Retail trade accounted for 1,792 new employees in 76 new firms.

Governor Daniel reappointed H. H. Coffield of Rockdale to a third term and Morris Roberts, Victoria publisher, to a second term on the State Board of Corrections. Leland Kee, Angleton attorney, was named to a six-year term to replace Warren Bellows, Houston. This board runs the big and growing prison system.

his car as it passed my Johnson grass farm out here earlier in the day, and according to it, the percentage of farmers to the rest of the population in the United States continues to shrink. A hundred years ago, farmers were in the majority, then the cities and towns started gaining, picking up speed especially in the last few years. In fact, farmers lost 23 percent of their numbers from 1954 to 1961, just seven years. Today, only nine percent of the country's population can be called a farmer.

But that's not the thing to worry about, it's this. The number of people in town a farmer has to feed is increasing. As the farm population goes down and the city population up, the burden on the farmer gets heavier. A hundred years ago, one farmer produced enough for himself and four others. Today, he has to produce enough for himself and twenty-three others, according to the United States Department of Agriculture.

That's what I'm talking about. I don't know who the twenty-three people in Hamlin are I'm supposed to feed, but whoever they are, if I was them, I'd forget about the hydrogen bomb and start worrying over where my next meal is coming from.

The load is getting too big. By the time I get through

feeding myself and my family and an occasional in-law that drops in invariably at meal time, there's mighty slim pickings for those twenty-three people in town waiting to be fed. I believe if I was them I'd put in a backyard garden, just to be on the safe side. I hope you're not one of the twenty-three looking to me for food. There's nothing worse for the peace and harmony of a community than an under-fed newspaperman, unless it's a hungry politician, although well-fed ones have been known to cause trouble.

Yours faithfully,  
J. A.

# Cooper's Kick Dumps Tigers, 9-7

A 36 yard field goal by end Jimmy Cooper late in the third quarter Friday night was the difference between victory and defeat for the Pied Pipers in their district opener with Anson here before a capacity crowd. Trailing by one point, with fourth and 18 for a first down, Cooper split the up-rights from the far left side of the field to put the Pipers out in front, 9-7.

Hamlin had the ball six plays in the first period as the Anson Tigers used the balance of the quarter for their 67-yard scoring drive. The Pipers came back in the second period to score after recovering a Tiger fumble on their nine. The tie for two points failed and the Pipers trailed at the half time.

Rayford Williams was top ground gainer for the Pipers with 29 yards in six stabs while Frankie Lee was next with 27 yards with 11 carries.

Hamlin took the opening kickoff on their 31, but failed to make a first down and punted from the 40. From their own 33, the Tigers drove 67 yards in 18 plays to score with quarterback Roger Huber throwing a short pass to half-back Dudley White who made his way into the endzone for

ANSON	7	0	0	0	7

14 yard scoring play. John Sanders put the ball between the uprights to put Anson out in front.

After the kick, the Pipers drove from their 38 down to the Anson five from where on third down Lee was dropped for a four yard loss and on fourth down the Pipers tried a fake field goal with Van Newberry throwing an incomplete pass to end the drive. Top gains in the drive were a 10-yarder by Van and a 14-yarder by Williams.

Taking over on their nine, the Tigers moved the ball out to the 14 before fumbling with Dan Newberry recovering back on the nine. Van was thrown for a two yard loss and then Austin fired a eight yard pass to Cooper to the three. Lee was held for no gain and on

fourth down Austin faked into the middle of the line and then raced outside of his right end to score. Van's try for the two points failed and the Pipers trailed, 7-6.

A clipping penalty on the kickoff put the Tigers back on their own six yard line and they gave up the ball on their

own 35 after picking up two first downs. After losing a yard in three plays, Cooper tried a field goal from his 43 that was short. The Tigers had time for one play as the half ended.

Opening the second half of play, the Tigers moved from their 37 to the Piper 39 before

fumbling with Williams re-covered on the 35.

On third and ten, Austin connected with Dan on a nine yard pass play and then Lee picked up the needed yard for a first. Lee carried for three and then Dan broke loss for a 14 yard gainer. Austin raced 11 yards to the Tiger 27, Williams carried seven yards to the 20 and then Austin went over his right guard for nine yards to the 11. Williams carried to the 10, but then Van was thrown for a five yard loss and Austin was brought down for a four yard loss. With Austin holding the ball on the 26 yard line, Cooper sailed it through the uprights for the go-ahead three points.

Moving from their own 29 after the kickoff, the Tigers were forced to punt from their 45 with Austin returning the ball to his 45. The Pipers drove to the Anson 30 before a 15 yard penalty stopped the drive with Cooper punting to the Tiger 10. Picking up four first downs the Tigers moved inside the Piper end of the field with their drive finally being

halted on the Hamlin 33 yard line.

The Pipers took four plays to run out the clock and take their first district win of the young campaign.

By SANDRA SMITH

School spirit. What is school spirit? School spirit is that something inside of you that makes goose pimples when you watch the football team play. It's being proud of the team because they did their best even if their best still brought defeat. It's the pride within you when someone in your school does something to bring honor and prestige to that school. It's something that you feel, something that can't be explained in words, but that is felt in your heart. It's a mixture of love, honor, and pride, and it is the tie that binds. It is that something, that one special thing, that makes school more than just a place to study and learn the things that make up life, it is living.

All of these things are very evident in Hamlin High School. In the four years that I have been in H. H. S. the school spirit has never been so great. Much has been done for our school spirit by our great Pied Pipers, but much has been done for the Pied Pipers by our great school spirit.

# Ask Amy

BY AMY ADAMS

## THIS IS SOME KETTLE OF FISH!

Dear Amy:

My husband and I are celebrating our 14th anniversary October 27th. I planned to get tickets for a show to celebrate. Anybody who could live with him for 14 years deserves more than a night out. He, on the other hand, informed me he's going fishing. I have tried every feminine wile to change his mind but the stubborn mule won't. He told me where I could go if I didn't like it.

Second Fiddle to a Fish

Dear Second Fiddle:

When a husband has the nerve to tell his wife "where to go," he shouldn't be surprised if she goes along on "porpoise" and clobbers him with the catch!

Dear Amy:

I'm 27 and still single. When I discuss my love life with other guys, I refer to my escapades as romances. They say these are affairs.

Who is right and what's the difference between an affair and a romance?

Dave

Dear Dave:

They are! A romance is anything which ends in a wedding.

Dear Amy:

I live in a large apartment building. Washing facilities are provided in the basement for all the tenants. Last week after I finished my wash, I found the dryers were all being used except one. This dryer had shut off and someone's clothes were in there dry so I took them out, put them on a table and put my clothes in. I left the laundry room for the period of time it would take my clothes to dry. When I returned, the woman must have returned and found I had taken her clothes out of the dryer and put mine in, so she took my clothes out and scattered them all over the floor. I was fit to be tied!

Did I do anything wrong? Isn't it common practice to do this when 800 families have the use of only 6 dryers?

Fit to be Tied

Dear Fit:

You were right and she's all wet! The woman in question is not

Informed on apartment living. Have the management inform her.

Dear Amy:

I read in your column about the woman whose friends wore skinny heels. She said their heels ruined her old carpets and now that she bought new ones, she wanted to know if it was proper to ask them to remove their shoes at the door. You said it was all right.

I took your advice and did the same. As a result, one friend of mine is angry and hasn't called me since. What about that?

Tillie

Dear Tillie:

You suffered no great loss. Her mind is as narrow as her heels!

Dear Amy:

I'm 19 and I'm in the service. When I left home a year and a half ago, I was going with a girl whom I loved very much and I'm pretty sure that she felt the same way about me. But about 4 months ago, she stopped writing altogether. I have written to her many times asking her why she hasn't written and why does it have to end between us after all the plans we have made?

When I left home, I knew that she wasn't going to stay home all the time and I told her not to feel guilty if she ever went out with other boys. But by those words, I never thought that it would mean the breaking up of our plans for the future.

Would you please let me know what to do to get her back because I still love her very much.

J. K.

Dear J. K.:

Your girl apparently has met another boy and doesn't have the heart to tell you. You're a man now and men must face up to a few disappointments in life. A one-sided correspondence is discouraging so cut out the letters. Write to others. This girl belongs in your past. There's another girl in your future. Find her!

Please address all letters to: AMY ADAMS c/o THIS NEWSPAPER For a personal reply enclose a self-addressed, stamped envelope.

## SYLVESTER WEDDING UNITES PAULA DUDLEY, GARY DOUGLASS

Paula Dorette Dudley and Gary Ross Douglass were united in marriage at 7:30 p.m. Friday in the Sylvester Methodist Church.

The double ring ceremony was read by the Rev. Fred Brown, pastor of the Faith Methodist Church, Hamlin.

The bride's parents are Mr. and Mrs. Robert L. Dudley of Trent and the bridegroom is the son of Mr. and Mrs. Ross E. Douglass of Sylvester.

The bride wore a suit of fawn colored wool crepe fashioned with a ranch mink collar. Her veiled pillbox hat and shoes were of matching brown tone. She wore a diamond and pearl drop necklace, a gift of the bridegroom. Her crescent bouquet of bronze pom poms centered with cymbidium orchid, was carried atop a white Bible, a gift from her aunt, Mrs. J. Cal Hamner of Merkel.

Mrs. Wayne McLean of Paducah, sister of the bride was matron of honor. She wore a turquoise wool sheath dress with black accessories. Her corsage was of white feathered carnations.

Mr. Douglass was best man for his son.

The bride was a 1961 graduate of Trent High School where she was a member of the Future Homemakers of America, FFA Sweetheart, Annual Queen, Football Sweetheart and Miss Taylor Electric 1960 and 1961. She is now employed by the Taylor County Agricultural Stabilization Conservation Service.

Douglass, a 1961 graduate of Trent High School, was a member of the Future Farmers of America and football team. He was named FHA Romeo. He is employed by the Taylor Electric Co-Operative at Merkel.

Following a short wedding trip, the couple will be at home in Trent.

### Faith Methodist Youth Form Choir And Fellowship

Young people of the Faith Methodist Church met Monday evening in the home of Mrs. J. W. McCrary to organize a Youth Choir and Fellowship.

Officers elected included June Bond president; Barbara Graham vice president; Pamela Austin secretary-treasurer; Freida Ford, member-social chairman; Lynn Lawlis, social chairman and Jeannie Bond, reporter.

Plans were made for a Christmas pageant to be portrayed by the group.

Mrs. McCrary served refreshments to the newly elected officers and other members and guests including Mike Gruben, Jesse Goolsby, Rodney Dominey, Johnnie Dominey, Ronnie Stice, Delia Nichols, Mrs. Jack Bond and Mrs. Bob Craig.

### Hat Workshop Set For H-D Clubs

A hat workshop preliminary meeting was held Wednesday morning, October 11, at 9:30 a.m. by Mary Y. Newberry, Jones County Home Demonstration Agent in her office for leaders of the Jones County Home Demonstration Clubs wanting the training in hat making. 27 attended this first meeting.

Supplies were discussed and Thursday, October 19, at 9:00 a.m. was set for the second meeting and Tuesday, October 24, was set for the third meeting. The agent will teach the women how to make and cover buckram frames.

Non club members, as well as other home demonstration club women wanting to learn how to make hats may contact the following women attending the workshop: Mrs. Carl Young, Mrs. Revis Robertson, Mrs. E. G. Young, Mrs. H. A. Haynes, Mrs. Karl Bonneaux, Mrs. Mildred Harrison, Mrs. I. B. Ray, Mrs. Orval Ely, Mrs. Clayton Dillard, Mrs. V. R. Justice, Mrs. D. Y. Norman, Mrs. J. E. Touchstone, Mrs. Joe Wheeler, Mrs. Bill Chambers, Mrs. W. B. Parrack, Mrs. Bob Barksdale, Mrs. C. L. Noritz, Mrs. H. H. Dunklin, Mrs. George Harrell, Mrs. Toff Herndon, Mrs. J. E. Hudson, Mrs. Paul Bradley, Mrs. Ester Hastings, Mrs. James Brown, and Mrs. J. E. McCoy.

### Xi Gamma Pi Meets In Cassle Home

Mrs. Arlie Cassle was hostess for the meeting of the Xi Gamma Pi Chapter of the Beta Sigma Phi Sorority in her home October 12.

The Columbus Day program, "Discovery," was directed by Mrs. M. L. Smith. Topics discussed were "What Did Columbus Find?" and "What Are the Astronauts Finding?"

The business session was conducted by Mrs. Gerald Young, president.

Those attending were Mmes. C. Weldon Griggs, Jerry Waggoner, George Poe, W. T. Johnson, E. J. Hawkins, Wesley Nail, Holly Toler, Young, Smith and Cassle.

### FIRST OF THE ACTION-ECONOMY CARS

The 1962 Dodge Dart 440, a low price, full-size Dodge that will outrun, out-economize most any car around. Accelerates 7% quicker than last year's comparable model, does it on 5% less fuel. Dead weight has been engineered out. You get action and economy in the same car. Also: Chair-high seats. Fold-down center armrest. Rustproofed body. Self-adjusting brakes. 32,000 miles between grease jobs. Now drive **THE NEW LEAN BREED OF DODGE**

Portions of the program will be given by Mmes Charles Absher, Noel Weaver, L. A. Joiner, Johnny Steele and Elbert Payne.

## OCTOBER 22-28 DESIGNATED AS CLEANER AIR WEEK

AUSTIN — Communities across Texas will join the rest of the nation in observing October 22-28 as Cleaner Air Week, in a concerted effort to create a public awareness of atmospheric pollution as a potential health menace.

The occasion will be used as a springboard for pointing up the contributions which industries, city councils and the public generally can make toward reducing air contaminants.

The public will be asked to mark the occasion by participating in neighborhood campaigns against backyard incinerators and improperly adjusted automobile carburetors, known to be important factors in atmospheric pollution.

Industries can take part by investigating new methods of reducing smoke and odor, soot and dust. City councils are urged to consider sanitary landfills for municipal refuse disposal, rather than open incineration.

Sponsors of Cleaner Air Week point to several air pollution "epidemics" to demonstrate the urgent necessity for stringent local control measures:

In December 1930, 63 persons died in the Meuse Valley of Belgium as a direct result of an air pollution incident. Closer to home, the October 1948, episode in Donora, Pennsylvania, claimed 20 lives and caused hundreds of cases of acute illness.

A 1950 incident in Poza Rica, Mexico, caused the death of 22 people. But worst of all, 4,000 people died during the December 1952 "black fog" of London—the greatest air pollution disaster on record.

Despite this grim history, the study of the effects of air pollution on human health is just beginning.

The "urbanization" factor in death rates is well established, in that mortality from diseases such as hardening of the arteries and related heart diseases, cancer of the stomach, esophagus and lungs is considerably higher among city dwellers than among rural people.

Mr. and Mrs. John Corley of Roby are the parents of a new daughter, Lynn Rachelle. She was born October 14 and weighed 7 lbs. 2 oz.

Maternal grandparents are Mr. and Mrs. Floyd Wallace of Hamlin.

## LOCAL BUSINESS

S. S. Talbert, Ph. D.  
Chairman, Dept. of Journalism  
University of Mississippi

In advertising, value is not always to be judged by surface appearances.

For instance, there is the problem of "Waste Circulation." To the merchant who wishes to get maximum return on his advertising investment, waste circulation is a matter worth careful attention.

The total coverage of an advertising outlet may be no indication of its value to a particular merchant. Only circulation among potential customers is of real worth to any advertiser. The suburban retailer who advertises in a metropolitan publication may pay for circulation which is 95 per cent outside of his trade territory.

The same is true of the merchant who buys radio or television time on the basis of circulation over several counties.

When any medium charges for advertising on the basis of circulation outside of a natural trade area, the rates are likely to be expensive regardless of the total head count.

This fact has accounted for the rapid growth of community newspapers in the suburbs of large cities. For the community newspaper—whether on the edge of a great city or in a rural county—sells no waste circulation.

A retail trade area and the circulation area of a community newspaper are identical. The limits of each are defined by the same factors.

The people who subscribe to the local newspaper are the people who are most likely to trade in local stores. Which means, of course, that the retailer knows he is always getting a sound value in local newspaper advertising.

## Burleson to Be Honored Oct. 20

The Hon. Omar Burleson, member of the House of Representatives from Texas and a delegate to the General Assembly of the United Nations, and Mrs. Burleson will be honored by the Texas Club of New York City on October 20.

A reception at Le Chateau of the Savoy Hilton Hotel will honor Mr. Burleson who is the first Texan to serve as a delegate to the United Nations.

A native of Anson, Texas, Mr. Burleson was first elected to Congress in 1946 and has been re-elected for seven consecutive terms. He is a ranking member of the Foreign Affairs Committee of the House of Representatives.

## Is Change-of-Life Making You Only Half a Woman?

Too tense too tired to be a real companion to your husband?

Special women's medicine can relieve "hot flashes", weakness, nervousness... then you can enjoy life fully again!

Has change-of-life left you so weak you feel only half alive? Suffocated by "hot flashes", constantly tense... so you can't be an affectionate wife and mother?

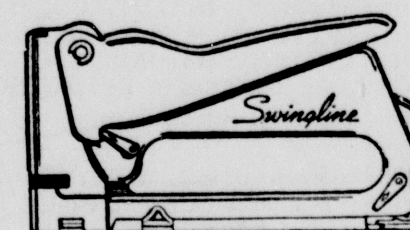

Don't despair! Lydia Pinkham's Compound can relieve both tension and physical distress! In doctor's tests, Pinkham's gave dramatic help—without costly shots! Irritability is soothed. "Hot flashes" subside. Then most women can go "smiling through" change-of-life without suffering!

If change-of-life has left you only "half" a woman, get Lydia E. Pinkham's Vegetable Compound from druggists. See how fast you can feel "all woman" again!

**SLEEP 8 HOURS—WAKE UP TIRED?**  
When due to simple iron-deficiency anemia, take Pinkham Tablets. Rich in iron, they start to strengthen your blood in one day!

# THE HAMLIN HERALD

## First Showing IMPERIAL OF 1962

IMPERIAL LE BARON FOUR-DOOR SOUTHAMPTON

## A forthright challenge to everyone who plans to buy a luxury car this year

In a few days, you will receive a personal invitation to drive a 1962 Imperial. Not the usual vague "see your dealer" ... but a specific challenge to compare your own car with the best Imperial we've ever built.

At your convenience, a dealer in your area will deliver a 1962 Imperial to you ... for a thorough comparison-tour that you conduct by yourself.

We believe anyone planning to invest from five to seven thousand dollars in an automobile is entitled to the unembroidered facts right from the car itself.

Naturally, our dealers explain the advantages of torsion-bar suspension ... tell you how the alternator supplies current even while the engine idles ... quote engineering data on the superior performance of our new transmission ... and answer any other question you ask about Imperial.

But you can find out only so much about Imperial by mere listening. To give the facts substance and meaning you must drive and compare.

So, when our invitation arrives, take us up on it. It obligates you not at all. And whether you eventually buy an Imperial or not, you'll never forget that once you drove a car which handled and accelerated and thrived as a great car is supposed to.

**R.S.V.P.** Even though our invitation may somehow miss you, an Imperial comparison-tour may easily be arranged by writing on your letterhead to: General Manager, Imperial Division, 12200 East Jefferson, Detroit, Michigan.

## FLAMELESS Electric RANGE...

the most exciting thing that ever happened to cooking

**BLUE RIBBON PRIZE WINNER,** Mrs. Bob Branch, 818 Glenhaven, Abilene, Texas, has good reason to believe flameless electric cooking is best. The rolls she baked on a flameless electric range won the blue ribbon prize at the 1961 West Texas Fair.

Like so many good cooks—Mrs. Branch has secrets not found in recipe books—and flameless electric cooking is one of them. BE CHOOSY—do as prize-winning cooks do—cook ELECTRICALLY!

**REFRIGERATOR ROLLS**  
Crumble cake of yeast over 1/4 cup sugar. Set aside. Melt 1/4 lb. margarine or butter. Add 1 cup of milk to melted margarine or butter to make lukewarm mixture. Stir sugar and yeast together to make a liquid and add to milk and margarine or butter. Add 2 eggs, beaten. Add 4 cups flour and 1 tsp. salt. Chill 4 hours. Shape into rolls and let rise at room temperature till doubled. Bake 15 minutes at 400°.

**FIRST PREMIUM**

# OLD GLORY NEWS--

By SHARON LEVERETT

Our community was again made sad when Mr. A. L. Flowers died. He had been in failing health for quite some time and had been in the hospital for two weeks. The funeral was conducted at Kinney Chapel with Rev. Brugin Watkins, pastor of St. John's Methodist Church, and Rev. Jack Southland, pastor of First Baptist Church, officiating. Burial was in Highland Memorial Cemetery. Mr. Flowers was born November 21, 1879 in Mississippi. His wife is the former Irene Hankins of Haskell. The Flowers owned and operated the Flowers Grocery Store. Besides his wife he was survived by one brother, Lynn, of Old Glory, and one sister, Mrs. Joe Hudspeth Sr. of Stamford.

The selection of nominees for the Old Glory Pirate Queen and Princess took place Thursday. Each class in high school and each room in elementary were allowed nominees, making eight girls in all. Some of the upper grades also selected campaign managers. Queen nominees and their escorts and the managers are as follows: Seniors—Judy Garner, Sandy Leverett, Donnicc Savers; Juniors—Sharon Leverett, John Hunt, Boyce Cox and Sophia Vargas; Sophomores—Landra Baitz, Donald Boles, Larry Quade; Freshmen—Merrilyn Flow, Stanley Diers, Donna Pierce, Linda Gholson and Linda Newman. Princess Nominees and their escorts and the managers are as follows: 7 and 8 Grade—Rhonda Baitz, Larry Flow, Danny Lammert, Stephanie

Letz, Danny Letz; 5 and 6 Grade—Judy, Sander, Gordon Cornileus; 3 and 4 Grade—Regina Letz, Herby Wooldridge; 1 and 2 Grade—Debbie Pierce, Russell Letz.

M. C. for the event will be Tommy Letz and announcers will be Peggy Pringle and Mary Lynn Boles. Flower Girls will be Tanya Moore and Rhonda Rose. Crown Bearers will be Dale Letz and Dewey Dudensing.

The Queen and Princess Crowning will take place on October 31, 1961, in the Old Glory Gym. In addition the program will include musical entertainment by the Hardin-Simmons Quartet. Also a Halloween Parade by the little folks. Small prizes will be awarded the top three in the two groups which are: Preschool to 2nd grade and 3rd grade to 6th grade.

There will be no admission charge—just the contributions to one's favorite candidate. The public is urged to attend. The program is sponsored by the Senior class and is in connection with the annual yearbook, THE PIRATE, which is being published this year for the first time in three years.

The Old Glory Girls 4-H Club had 26 members present Thursday. The newly elected mascot, Suzan Baldree, led the girls in the pledge, prayer and motto. The girls voted to order their mascot a 4-H T-shirt. Linda Gholson and Billie Vanlenkamp gave a demonstration on "The Act of Dressing to Flatter Your Figure." Songs were led by Donna Pierce and Nancy Vahlenkamp

and includes "Happy Birthday" to three members with birthdays in October. Adult leaders present were Mrs. Oran Baldree and Mrs. Carlton Pierce.

The Junior class recently enjoyed a Hamburger supper at the Garrett Spitzers and then with their sponsor, Mr. Wilson, went to Stamford to the show.

The Sophomores had a skating party at Anson and then ate steak at the 66 Sirlain Restaurant. Their sponsor, Mrs. Cecil Klump, and her husband accompanied them.

Two new student in school are Dora and Rudy Garcia who moved here from Poth. Dora is in the sixth grade and Rudy is in the second.

The Old Glory Variety Club met last Tuesday in the home of Mrs. Mabel Savers with Mrs. Kay Robinson as hostess. The members quitted for their hostess.

Visitors at the local Church of Christ Sunday included Glenn Blair from Bryan, Ray Fullenwider from Rule and Mrs. Jack Fuqua from Avoca. Mrs. Fuqua is a sister to Mrs. Lynn Flowers.

Miss Helen Diers, student at Concordia College at Austin, visited with her family, Mr. and Mrs. E. H. Diers, Charles and Stanley, Sunday.

Mrs. V. R. Leverett visited Saturday in Roby at the Joe Clarks where a reunion was held in honor of their son, Lewis Clark and his wife and children. The younger Clark has just completed a 3-year tour-of-duty in England and is on leave before being assigned to Oklahoma City.

Others from Roby included Mr. and Mrs. Wendell McWhirter and two children and Mrs. Jay G. Dunlap. From Rising Star, Mrs. Eunice McWhirter and Mrs. Jack Agnew and three children; from Temple, Mr. and Mrs. R. V. Hardegreer and two children; and from Merkel, Mrs. Joe Garland.

Mrs. Lenora Dumas remains for treatment at the Haskell County Hospital. Her mother, Mrs. Will Flowers is visiting in Stamford.

Weekend guests in the T. E. Beil home was Mr. Beil's brother from Fort Worth, Mr. and Mrs. J. A. Beil.

Guests during the weekend in the John L. Garner home included Mr. and Mrs. Homer Worley of Olton and Mr. and Mrs. W. A. Hatfield of Jud.

The "Red" Flower family and the Bill Baitz family visited Mr. and Mrs. Ed Bristow in Mineral Wells during the weekend.

# FAIRVIEW NEWS--

By MRS. ELMER JOINER

Several from our church attended the Associational meeting last Tuesday at Trinity Baptist Church in Stamford. There for the day or night service or both were Rev. and Mrs. Doyle Combs and children, Mr. and Mrs. Woodrow Goodwin, Mr. and Mrs. Flavel Holmes, Mr. and Mrs. Elmer Joiner and Mrs. Winson Gray. The Fairview Church was given the highest award in recognition of the work done in the Rural Church Achievement

Program in Jones County. The friends of Mr. and Mrs. Jack Gray will be glad to know that they were both dismissed from the hospital Friday and are at home and doing fine, although we understand that Mr. Gray is still scheduled for surgery at a later date. This will be to correct the injury done to a lung by a broken rib.

It has been announced that the men of the community will meet this coming Thursday and break the land and sow wheat for Mr. Gray, as he won't be able to work for some time.

Mr. and Mrs. Joe Ford were back home Sunday after having been absent last Sunday, visiting with a daughter in Dodge City, Kansas. They reported having a very pleasant trip, and apparently didn't see even Doc or Kitty in Dodge City.

Linda Goodwin went with some of the youth of the First Methodist Church Saturday afternoon to Abilene to a skating party.

Attending church as visitors with Mr. and Mrs. Jack Wright Sunday morning were Mr. and Mrs. Ted Wright, a brother, and a cousin, Bill Goodman.

Mr. and Mrs. Woodrow Goodwin and Linda ate dinner with Mr. and Mrs. Elmer Joiner Sunday.

Mr. and Mrs. Joe Ford spent Sunday with their son, the H. L. Ford family.

Mr. and Mrs. Winson Gray visited with the Rev. Combs' family Saturday night.

Mr. and Mrs. Gray were absent Sunday and we understand they went with his parents, Mr. and Mrs. E. C. Gray, to Comanche County to visit relatives.

Most of the people out our way attended the football game Friday night to see Hamlin beat Anson. This is one of

the big games of the season for the ones out here as we are close neighbors of the Anson people, and love them until the teams meet on the football field.

Dinner guests of the pastor and his family were Mr. and Mrs. George Wainscott and Jimmy.

The wasps have almost taken over the church house, they are hunting a place to stay this winter, and if they aren't killed out will be a real menace all winter.

Prayer services will be conducted at 7:30 p.m., Thursday, at the Fairview Baptist Church. Everybody is invited to attend in the interest of prayer for the Christian cause.

Mr. and Mrs. R. J. Cox returned Saturday from a 10 day visit with Mrs. Cox's sister, Maggie Brasher, in Lamar, Mo.

During the last 25 years, hurricanes have killed about 2,500 victims and caused three billion dollars' worth of damage in the U. S. alone.

## FALLS RATED AS MAIN CAUSE OF ACCIDENTAL HOME DEATHS

Falls are the main cause of accidental deaths in the home. Fatal home falls in a recent typical year totaled 13,400 according to Mr. Lester Minton, Lone Star Gas Company Manager. Lone Star and The Hamlin Herald are co-sponsors of the 1961 Home Safety Program in Hamlin.

"The 13,400 fatal home falls," Minton said today, "represented 47.9 per cent of all home accidents."

"From year to year," Minton said, "Only motor vehicle accidents outrank falls as an accidental killer, and approximately 54 1/2 per cent of all falls occur in the home."

The greatest number of fatal falls occur in the bedroom. Falls on the stairs and in the yard and kitchen follow in that order. Fatal falls in fewer numbers occur in the living

room, bathroom, dining room, hall, basement, garage and on the porch.

Approximately 88 per cent of the victims of fatal falls are more than 65 years old. Eight per cent are in the 45-64 age group. The remaining 6 per cent are spread through the 0-44 age group.

A majority of fatal falls occur while victims are walking on a level surface. However, they also occur while the victims are standing still, ascending or descending stairs, working, sitting, playing, eating, drinking, climbing and reclining. Some occur while the victims are sleeping!

"Particular attention," Minton said, "must be given to the problem of protecting the older people. Lighting, particularly on stairs, must be adequate. Do not leave loose ob-

jects in the middle of the floor. This particularly endangers an older person. His sight may not be able to detect the objects. If he trips, he is less likely than a young person to recover his balance.

"Keep an orderly home. Arrange furniture so that it does not prevent free passage around the room. Do not let beds, vanity benches and other benches and other furnishings in the bedroom jut into the middle of the room. Keep doors closed. Close dresser drawers when not in use. Do not leave shoes in the middle of the floor.

"When a person gets out of bed in the middle of the night and tries to make his way to the bathroom or kitchen in the dark, he is more than likely to fall over any improperly placed object. This danger can be eliminated by keeping the house in order and by having a light located within reach of the bed and at the entrance to all of the principal rooms," Minton concluded.

## COLD SUFFERERS

Get fast relief from that ache-all-over, worn-out feeling due to colds. STANBACK'S combination of medicinally-proven ingredients reduces fever and brings comforting relief. Use as a gargle for sore throat due to colds. Snap back with STANBACK.

## HEALTH DEPARTMENT STILL WORKING ON CARLA DAMAGE

**AUSTIN**—Carla has long since gone, but her aftermath lingers on.

A month after the big blow, a clear picture of the havoc she wrecked has emerged as state and local public health personnel continue with the rehabilitation work.

Part of Carla's wrath took the form of destroyed foods and drugs, extensive damage to water and sewage treatment plants, and the exposure of thousands of people to the threat of disease.

Food and drug inspectors

working the disaster area from Corpus Christi to Galveston report great losses from flooding and interrupted refrigeration. Inspectors face the double problem of inspecting and embargoing damaged and tainted merchandise and preventing scavenging among discarded goods at city disposal grounds.

The amount of food condemned as unfit for human consumption by reason of storm-caused contamination will total millions of pounds before investigations are completed, officials predict.

Damaged water and sewerage systems were quickly restored by highly trained municipal plant operators who pulled the motors and dried them out by all available means.

Investigations have revealed 11 oyster shucking plants were destroyed and three others were extensively damaged. All bays containing oyster beds were closed until storm damage could be appraised, but oyster harvests have now been resumed in certain areas.

As a precaution against disease, vaccine and the equipment for immunizing tens of thousands of people, and materials for testing private water supplies were distributed to local health departments throughout the disaster area.

Anti-venom kits against snakebites were rushed in by the Office of Civil Defense for distribution.

Vector control crews are presently working to minimize mosquito and fly breeding and rat infestations in flood debris. State and local health officials say the crews will continue the assignment as long as a public health threat exists.

"The unified and cooperative effort of all state departments, local officials, the Public Health Service, professional and voluntary organizations has been magnificent throughout this whole unfortunate episode," State Health Commissioner J. E. Peavy said.

(A weekly feature of the Health Education Division of Texas Department of Health.)

The velocity of the world's maximum recorded surface wind was atop Mt. Washington, N. H., in April of 1934, when it reached 231 miles per hour before blowing away the anemometer.

THE HAMLIN HERALD

OCTOBER 19, 1961

## 'FANNY' TOPS DOUBLE-BILL AT ROGUE STARTING SUNDAY

There's no such thing as an easy way to make a motion picture, says Joshua Logan, but some ways are tougher than others. And he chose the toughest of them all when he decided to go to France to make "Fanny" for Warner Bros. The Technicolor romantic drama opens Sunday at the Rogue Theatre.

In the first place, "Fanny" is based on the internationally famous Marseilles trilogy by Marcel Pagnol, and as far as the French are concerned, it is their own cherished national treasure and not to be tampered with by foreigners.

Softly and reassuringly, Logan inspired confidence in the production first in Pagnol himself and then rallied enough support from government officials to receive their blessings to film the project on location on the Marseilles waterfront.

He then took the additional precaution of peopling his French love story with very French Frenchmen—like Maurice Chevalier and Charles Boyer—and very French Frenchwomen—like Leslie Caron and Georgee Anne

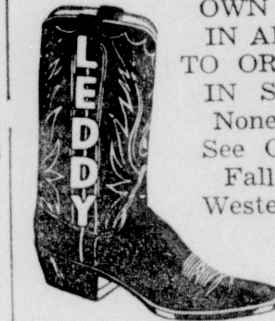

Nonetheless, from the beginning the harried producer

director was continuously beset by newspapermen and plain citizens alike who demanded to know what right a Hollywood film company had appropriating their national treasure.

It wasn't an easy question to answer, except that "Fanny" had long been a fond favorite of Logan's, that he had staged the musical version on Broadway triumphantly several years earlier, and that he had faith that he could make the film for world audiences as well as any Frenchman could.

There was no doubt that "Fanny"—like love—was regarded as an exclusive French possession. It was like the Seine, the Eiffel Tower or Mistinguette. So Logan mustered his dramatic insight, his understanding and affection for the French and his compassion for the story's memorial characters to make "Fanny" as French as "oui" and universal as a kiss.
